INSURANCE FOR ACCOUNTANTS, BOOKKEEPERS & AUDITORS

INTRODUCING PROSURANCE™ ABA

Accountants, bookkeepers and auditors deserve the best of all worlds from their insurance - a quick and easy buying process combined with comprehensive cover, and all at a competitive price. That's why we developed ProSurance™ ABA. This broad package policy was built specially for this sector, plugging the gaps in cover left by many traditional insurance policies and addressing the real exposures these businesses face on a day-to-day basis.

Most small and medium-sized businesses operating in this area are suitable for ProSurance™ ABA and our experienced team are happy to tailor coverage to suit a company's individual needs.

BROAD COVER

ProSurance™ ABA is not just a professional liability policy. It is a modular, package policy targeting key exposures for accountants, bookkeepers and auditors. Features include:

- A comprehensive office package, including general liability, property cover and business interruption
- Property cover which includes worldwide mobile device protection as standard
- Innovative business interruption cover on a "flexible first loss" basis which means whatever type of business interruption loss is suffered only one sum insured needs to be purchased and consequently a lower premium can be offered
- Clear, unambiguous cover for breach of a client contract providing you with certainty that this increasingly important exposure is covered
- Full civil liability coverage, not just negligence
- Specific cover for breach of intellectual property rights
- Cover for suits brought anywhere in the world as standard
- Payment of fees withheld by an aggrieved client if this mitigates a potentially larger claim
- Court attendance, loss mitigation and reputation and brand protection cover included as standard
- Virus and hack attack liability cover
